SUMMARY

Backend Engineer with hands-on experience building and running production systems in a **real-money trading environment**. Comfortable working with asynchronous workflows, background processing, Redis, and **Linux-based deployments**. Strong focus on **correctness, reliability, and clean system design**.

EXPERIENCE

Software Engineer Intern – Potoos (Algorithmic Trading Platform)

Sept 2025 – Present

- Worked on core backend systems responsible for executing and managing live trading orders **involving real user capital**.
- Built and maintained asynchronous pipelines using **Django, Celery**, and **Redis** to handle order placement, stop-loss, modification, and exit flows.
- Used **Redis** and **Lua scripts** to safely manage rule state and prevent duplicate or conflicting order executions under concurrent conditions.
- Designed execution logic to support multiple brokers through a shared rule and dispatch layer.
- Deployed and operated **Dockerized** services behind **Nginx** on **Linux** servers.

TECHNICAL SKILLS

- **Languages:** Python, C, C++
- **Backend:** Django, Django REST Framework, FastAPI
- **Async & Background Processing:** Celery, AsyncIO
- **Databases:** PostgreSQL, Redis
- **Infrastructure:** Docker, Docker Compose, Nginx, Linux, Git, Certbot
- **APIs:** REST, JWT-based authentication

PROJECTS

➤ Society Workshop Registration Backend — [Demo Link](#)

- Built a Django REST backend to manage 110+ paid workshop registrations with secure payment verification using **Razorpay**.
- Implemented validation, error handling, and bot protection using **Google reCAPTCHA**.

➤ Society Application (Backend) — [Demo Link](#)

- Developed **REST APIs** for user, admin, and member management in a modular **Django** backend.
- Built real-time group chat using **WebSockets** with support for media, replies, and reactions.
- Implemented announcements, events, **proximity-based attendance tracking**, and notification modules.

EDUCATION

- **Ajay Kumar Garg Engineering College, Gzb, UP** – B. Tech, Information Technology (2023-27)
- **Pragati Public Sr. Secondary School, Kota, Rajasthan** – Intermediate (2022)
- **Ben-Hur Public School, Pilibhit, UP** – High School (2020)
